

Registering your IBEExpert software

The following leads you through the software activation process for an internet-connected machine. If you need to activate your IBEExpert software on a machine that is not connected to the internet, please see below: [Registering IBEExpert on a stand-alone PC](#).

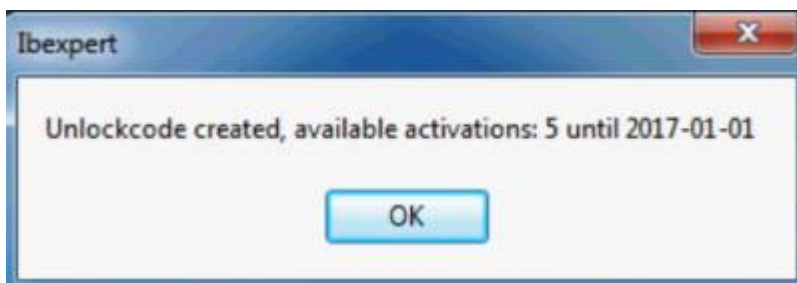

Once you have [downloaded and installed your IBEExpert](#), when starting IBEExpert for the first time you will be asked to apply for your *unlockcode*:

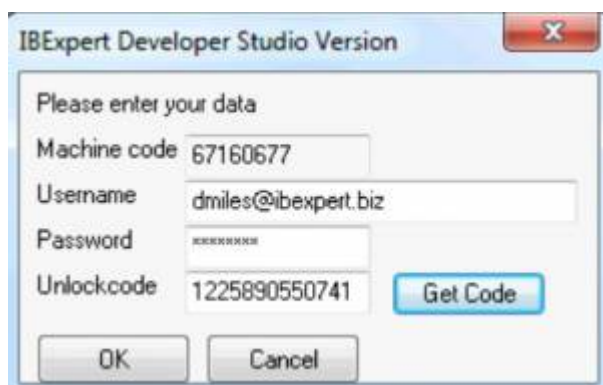

Enter your IBEExpert Download Center account email address in the *Username* field and your IBEExpert Download Center account password in the *Password* field.

If you have direct internet access, you then simply need to click the *Get Code* button, and your software registration will be automatically activated.

This window confirms the successful activation and also displays the number of remaining software activations (should you have more than one registration running on your account) and the remaining subscription period. After clicking *OK*, you can view your *Unlockcode* in the registration window.

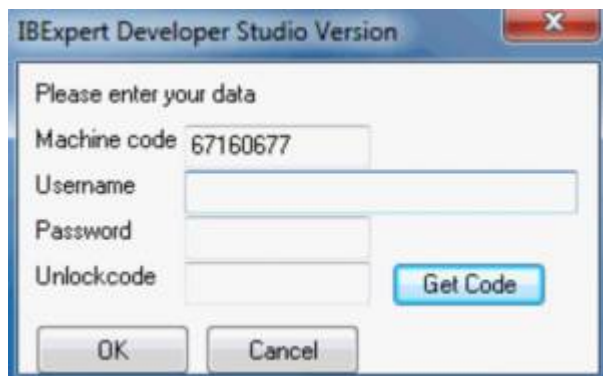

Click OK here, to start your IBEExpert software.

Registering IBEExpert on a stand-alone PC

If you need to install IBEExpert on a machine that isn't connected to the internet, you will need to take the following steps.

1. Download the current IBEExpert version (setup.exe) on an internet-PC. Copy the setup.exe to the stand-alone PC and install there. 2. Start IBEExpert on the stand-alone PC, where you will be asked to apply for your *unlockcode* when starting IBEExpert for the first time:

3. Note the machine code (by hand or copy to a text file which you can transfer to the internet-PC or your smartphone). 4. Now call up the registration window in a web browser (either PC or Smartphone) as follows:

- ibexpert.net/regu: IBEExpert Developer Studio Version
- ibexpert.net/regy: IBEExpert Company Year Edition
- ibexpert.net/regd2: IBEExpert Day Edition*

** When clicking the manual link for the IBEExpert Day Editions, you will be redirected to a similar-looking webpage. The full instructions can be referred to at the bottom of the page.*

- ibexpert.net/rege: IBEExpert free Educational version
- ibexpert.net/regp: free IBEExpert Personal Edition
- ibexpert.net/reg: IBEExpert Server Tools

- ibexpert.net/regx IBEScript.exe
- ibexpert.net/regdl IBExpert.dll

Enter the machine code you just copied, along with your email and password for the IBExpert Download Center, and your computer name:
